EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. James Nemmers on November 21, 2005.

The application has been amended as follows:

In the claims:

Claim 1, line 9 "it" has been replaced with --the secondary axis--.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest a tape measure having a double-axis reel assembly comprising a secondary spool and a second gear turnable together about the secondary axis; the secondary spool having a self-restoring spring wound around the secondary axis and contained within the spool so as to wind and unwind about the secondary axis as the second gear turns in combination with the remaining limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
